

HQ&CO™

Clariti™ Relocatable Glass Office Partitioning

RESOURCES

 **57%** **COMMENDED ON:** HQ&CO undertake ethical and responsible procurement practices wherever possible.

IMPROVEMENT OPPORTUNITIES: Continue to investigate the potential to use local suppliers for components that meet the required quality standards as well as with the required environmental certifications and sustainability practices.

MANUFACTURING

 **76%** **COMMENDED ON:** Obtaining Green Path Certificate and undertaking environmental training for staff.

IMPROVEMENT OPPORTUNITIES: Implementation of a Waste Management Plan and using a service provider to collect recyclables.

PRODUCT

 **99%** **COMMENDED ON:** Product has no negative environmental impacts and does not generate harmful emissions during use.

IMPROVEMENT OPPORTUNITIES: Provision of test results from acoustic and sound-proof investigations. Product has the potential to reduce artificial lighting and enhance natural lighting in certain applications.

PACKAGING AND DISTRIBUTION

 **54%** **COMMENDED ON:** Components are delivered to site for assembly/installation to minimise transport and double handling, where possible.

IMPROVEMENT OPPORTUNITIES: Although packaging is critical due to the fragile nature of the product, it is important to ensure that packaging is marked as recyclable and re-use facilitated or a take-back system implemented.

RECYCLABILITY

 **94%** **COMMENDED ON:** Well-designed product, aimed at longevity and re-use or relocation within office spaces. All components are recyclable.

IMPROVEMENT OPPORTUNITIES: Encourage the continued re-use and re-location rather than replacement or refurbishment.

SPECIAL NOTES:

None
