

Fee Structure

1 ASSESSMENT FEE

EcoProduct Certification with a 3 year validity - this is for all materials or systems manufactured / assembled within a factory / facility

	Initial Application (Per Product)	Assessment & Verification	
		First Product and verification audit	**Additional Similar Products
0-5 million turnover	900	18 900	6 615
5-25 million turnover	900	26 400	9 240
25 - 50 million turnover	900	39 600	13 860
50 - 100 million turnover	900	51 750	18 113
>100 million turnover	900	70 200	24 570

The following payment terms are applicable:

- R900 Application fee
- 20% upfront payment of assessment fee
- 40% in completion of the site visit
- 40% balance to be paid before issuing the certificate

2 RE-CERTIFICATION

A 20% discount on the initial assessment fee will be charged for re-certification. Further discounts can be provided for multiple similar products being re-assessed.

3 ASSURANCE CERTIFICATION

EcoProduct Certification with a once off certification - this is for a product used in a specific application / project which may be site specific and not require recertification, e.g. a low carbon cement which may use a percentage of locally supplied material.

These product assessments will be quotation based depending on the scale and technicality of the product.
